

CLAIMS

Claim number 1. "I claim: the absorbent material is being sewn onto the two curve edges inside the pantie to prevent fluid leakage and removal of sanitary napkin inside the pantie for female during period."

Claim number 2. "I claim: there are four straps on the both sides of pantie for easy removal instead of through the legs thus prevents soiling the clothes while changing the pantie.

Claim number 3. "I claim: there are four Velcro on the both sides of pantie for easy removal instead of through the legs thus prevents soiling the clothes while changing the pantie.
